

FRED HENSTRIDGE PHOTOGRAPHY SHOOTING SESSION & CUSTOM SERVICES PRICE LIST

Sitting Fee

You choose the location. Would you enjoy one of area's sunny beaches, local parks or your own wonderful backyard? No problem! Want a studio portrait? Not a problem. our home or yours. Wherever you want us, the price is the same. \$100 for a single family sitting or starting at \$150 for large group/family.

Prints

All of our custom prints are printed on high-quality archival Kodak or Ilford Professional photographic papers in either Glossy or Lustre-E surface. We recommend the Lustre-E for portraits. Luster paper has a very fine surface grain that softly reflects the light and shows a beautiful color and sharpness for portraits. For standard prints you can use our printing services at <http://fhenstridge.zenfolio.com/>

Picture Packages at \$20.00 Each

The picture package is the most economical means for ordering multiple prints. Each Picture Package must contain the same image. Picture Packages are delivered neat trimmed. Wallet and smaller sizes are delivered trimmed in sets of 2. Sizes and image quantities are:

- 8 images @ 3½x2½ (wallet size) inches each
- 2 images @ 5x7 inches each
- 1 images @ 5x7 inches each and 4 images @ 2½x3½ inches each
- 1 image @ 5x7 inches and 4 images @ 2x2½ inches each

Individual Custom Prints

All prints are "Borderless" prints printed on high-quality archival Kodak Professional photographic papers in either Glossy or Lustre-E surface. All prints are custom processed in Photoshop and soft proofed prior to printing so that they will match the profile of the printer being used albeit our in-house printers or an out-sourced printing service for the larger posted-sized prints. Each print is checked for color balance, sharpness and overall quality prior to delivery to the client.

Add 30% for Endura Metallic pearlescent surface. This paper uses a patented combination of film and laminate layers that result in striking, three-dimensional, lasting images on an ultra-bright background. They are great for landscapes and graphics, but not recommended for portraits.

Add 30% for True B&W Paper (Matte Finish). This panchromatic, resin-coated paper is specifically designed for making continuous-tone B&W prints directly from digital images in digital exposing systems.

Add \$12.00 for shipping and handling. Prints will be sleeved and shipped in flat boxes via USPS Priority mail.

Image Processing

In some cases the client will wish to order their prints from our [Zenfolio](#) site, but the images will need special processing such as formatting, upsizing and conversion to black and white. For this service we charge a rate of \$30.00 per images with a 30% surcharge for conversion to a pure black and white image with tonal corrections.

Scanning Services

We offer custom high resolution scanning of 35mm slides, 35mm or APS negatives and prints. For slide and negative scanning, we use a Nikon Super Cool Scan 5000ED precision scanner. During the scanning process we can enhance and restore color, color balance, sharpen, remove dust and blemishes, and color correct for white balance. We recommend scanning at resolutions of 300 to 400 ppi. For print scanning we use an Epson Perfection 4490 Photo Scanner. All scanned prints are color corrected and sharpened. In some cases old or faded prints will need to be image processed in Photoshop. For this special processing a fee of \$10.00 per scanned print will be charged. All scanned images are returned on a CD or DVD disc. Our rates for scanning are:

35mm Slides and Negatives	1-100 Images:	\$0.40 each
	101-200 Images:	\$0.35 each
	Over 200 Images:	\$0.30 each
Prints	1-100 Prints:	\$0.50 each
	101-200 Prints:	\$0.45 each
	Over 200 Prints:	\$0.40 each

All 35mm slides and negatives are inspected and cleaned prior to scanning

Custom Gallery Wrapped Canvas

The image is printed on premier art canvas substrate and wrapped around a 1½-inch wooden stretch. Gallery Wraps arrive as a finished product that comes ready for hanging in a home, gallery, museum, or office. Canvases are treated with a UV inhibiting coat that protects the canvas from fading and should last for 100 years.
